11 BONNI L. MALONE,

12 Plaintiff(s),

13 v.

14 NANCY A. BERRYHILL,

15 Defendant(s).

Case No.: 2:19-cv-00150-APG-NJK

**Order**

16 On September 16, 2019, Plaintiff's *pro bono* counsel filed a motion requesting access from  
17 the Clerk's Office to the administrative record. *See* Docket No. 30. On September 17, 2019, the  
18 Court granted that motion. Docket No. 32. It now appears through further discussions with the  
19 Clerk's Office that the limitations built into the CM/ECF system do not permit counsel to access  
20 the administrative record through the docket. The Court also notes that it appears that a copy of  
21 the record was provided to Plaintiff previously during the period in which she was proceeding *pro*  
22 *se. See, e.g.,* Docket No. 16 at 1 ("A copy of the transcript of proceedings has also been forwarded  
23 to the Plaintiff").

24 Given the above circumstances, the Court **VACATES** its order at Docket No. 32. The  
25 Court instead **INSTRUCTS** Plaintiff's *pro bono* counsel to consult his client as to whether she  
26 already has a copy of the administrative record that he can use to proceed with this case. In the  
27 event Plaintiff does not have the administrative record, Plaintiff's *pro bono* counsel shall confer  
28 with the United States Attorney's Office about it providing to Plaintiff's counsel a copy of the

1 administrative record through a mutually agreeable electronic method (*e.g.*, compact disc, thumb  
2 drive, etc.).

3 IT IS SO ORDERED.
